MARKETS.

New York, April 14.—Bradstreet's to-morrow will say:

Requirements incident to Easter week have caused some expansion in retail trade, but the turnover has been below expectations. Jobbing trade lacks enap, because merchanta everywhere are inclined to buy for present needs only.

In some special lines reduced prices have attracted trade, but it is evident that declining prices, dimilarly to high prices of a year ago, together with other elements, trailed a secondary of the properties trust discussions, marke for uncertainty, and to encourage buyers to wait for still lower quointions, to wait for further bargains. Travelling mon are not doing much in the way of hooking reorders, but in particular instances distant business is cropping up. In fact, but merchanis in general appear to public, but merchanis in general appear to public, but merchanis in general appear to the recorded to the view that the near future of the process of the secondary for the process of the general movement in that a some days the general movement in that some days the general movement in the some days the general movement in the some days the general movement in the some that hackward.

Among the induction, trade in from and steel lines has diminite, trade in from and steel lines has diminite, in rade in from and steel lines has diminite, in the United States for Bayeness fallures in the United States for the week ending April 12 well reserved.

sold as fast as received, and no stock of consequence remained in the hands of the commission merchants. The stock in hand now is light and very little remains in the hands of farmers. The average price through the season was about \$1.26 per bushel. The market to-day is firm, at \$1.27½.

Welcome Ald.

A letter was received here this morning from a prominent Western United States Senator, in which, in referring to the movement inaugurated for the establishment of a national battlefield park at Petersburg, he says that the movement has his hearty, indorsement, and would receive not only his aid, but that of his State. The letter gives great encouragement to the Battlefield Association.

On Janaury 1, 1911, a citizen of Richmond died. On January 20, 1911, the Executor and Trustee named in the will qualified and took charge of the estate.

On April 7, 1911, the Executor and Trustee died. On April 12th the Court appointed the VIRGINIA TRUST COMPANY Administrator of this estate.

These facts speak for themselves, and the thoughtful man will know that two administrations are costly, and that any contingency of this kind in his case can be avoided by naming a strong Trust Company Executor and Trustee rather than an individual.

We invite interviews or correspondence on the subject.
